

## Dicer

Very strong dicing ideal for food industry. Built with a compact, non-deformable, stainless steel chassis. With different sizes of grid-set to meet different cutting needs.

## Product Display

### Features and benefits

- 1.Solid stainless steel and food-grade plastics construction
- 2.Infinately adjustable speed
- 3.High yield
- 4.Easy to operate and clean
- 5.Cut material into slices , strips or cubes
- 6.Suitable for materials with lower temperature without bone
- 7.Cutting evenly and clearly
- 8.Low cost ownership
- 9.Can be used in industrial factory or catering center

## Product Specifications

Technical specifications	ZJTS-350	ZJTS-550
Output (Kg/hour)	500-600	700-900
Loading dimension W x H x L	84x84x350 mm	120x120x550 mm
Cutting thickness (mm)	5,6,7,8,10,12,14,16,21, 28,42,8	4,5,6,7,8,10,12,14,16,20,24, 30,40,60,120
Power supply	380V 3.0KW	380V 3.7KW
Weight	500KG	700KG
L x W x H	1480×800×1000	1950×1000×1120
