

Rolling Packaging Machine

If you need higher production capacity, gohunt offers its vacuum rolling packaging machine. The machines are available in different models to ensure a higher output with small volume or quantity. The aim is to achieve a consistent output in vacuum packaging with minimum operators.

Product Display

Advantages

1. Made of S304 stainless steel and food-grade materials
2. Touch panel PLC control
3. Hygienic and ergonomic design, easy to clean and operate
4. Anti-pinch device
5. Frequency controlled variable speed
6. Durable and reliable
7. Four heavy-duty castors
8. Soft start and slow stop conveying device guarantee accurate positioning

Option different

1. Different space between sealing strips
2. Frequency converter for conveyor belt
3. Different width of sealing strip
4. Vacuum Pump Type 100/160/200 cbm

Product Specifications

1. Model: 1000/1100
2. Power: 380 V / 220 V, 50 Hz, 5.8 kW
3. Chamber size: 1125 x 430 x 110 mm / 1225 x 550 x 110 mm
4. Effective sealing size: 1000 x 10 (8) mm / 1100 x 10 (8) mm
5. Capacity: 240 – 360 cycle/hour
6. Dimension: 1800 x 1340 x 1400 mm / 1900 x 1620 x 1400 mm
7. Weight: 450 / 560 KG without pump
