Meat Cart/Trolley

GoHunt rugged and reliable **Stainless steel Meat Cart/Trolley** is a practical solution for efficient material storage and handling in diverse industrial settings. Crafted from durable 304-grade stainless steel, the meat cart ensures longevity and reliability even in demanding operational environments. Its design is tailored for easy mobility, featuring four large wheels in an offset diamond formation, making it stable and maneuverable even on irregular surfaces or when heavily loaded. Equipped with a handle, this meat trolley is user-friendly and easy to clean, meeting the hygiene standards essential for food manufacturing and processing. Available in standard volumes of 200 L and 300 L, the stuffing trolley can be customized to suit specific requirements and is compatible with standard lifters or bin hoists.
