

Swing Loader

GoHunt **Hydraulic Swing Loader** is engineered for handling 200L meat carts / trolleys and is perfectly suited for all standard filler, mixer, grinder, and tumbler models. The swing loader is powered by an electro-hydraulic cylinder, providing smooth moving and precise positioning of the trolley with the capability to stop at any position required, accurate and stable. The inclusion of movable wheels ensures flexibility for swift and efficient loading and unloading of meat into the next processing stage. Crafted with food grade stainless steel, the tote bin loader is sturdy to work in demanding environment and easy to clean to ensure high standards of sanitation.
