

Continuous Meat Dicer

GoHunt **Continuous Meat Dicer** is engineered for precision in cutting a variety of materials, including poultry, beef, pork, lamb, seafood, and more, either with or without bones. Equipped with two sets of rotary blades and multiple rotatable plastic molds, the versatile dicer machine is capable of producing even while clean strips or cubes in various sizes for fixed weight or fixed size, upon request. Featuring custom-designed molds, robust durability, and easy blade set replacement, this food dicer offers versatility, efficiency, and unparalleled performance.

Key Features and benefits

1. **Multiple Patents:** Incorporates cutting-edge technology for unparalleled performance.
2. **Adaptability:** Suitable for materials with low temperatures and irregular shapes.
3. **Robust Durability:** Custom-designed molds undergo special processing for long-lasting performance.
4. **Easy Mold and Blade Set Replacement:** Allows for quick adaptation to different products.
5. **Automatic Water Spraying Device:** Lubricates blade sets for optimal cutting performance.
6. **Sanitation and Food Safety:** Easy cleaning, no sanitary blind spots.
7. **Labor Cost Savings:** Reduces labor intensity with efficient, continuous operation.
8. **Industrial and Commercial Use:** Ideal for both industrial factories and catering centers.
9. **Optional Accessories:** Feeding conveyors, unloading conveyors, and tool carts for enhanced functionality.

Product Applications

1. Whole birds
2. Chicken
3. Beef
4. Pork
5. Duck
6. Aquatic products
7. Vegetarian foods
8. Fruits and vegetables
9. And more...

Product Specifications

1. **Material Temperature:** With bone: -3 to 8°C; Without bone: 0 to 4°C (careful not to damage blades and molds with low temperatures).
2. **Cutting Size:** Various specifications, including 4040, 3030, 3025, 2525, 17*17mm (customizable upon request).
3. **Speed:** Infinitely adjustable, approximately 20-30 birds/min.
4. **Voltage:** 380V, 50Hz, 3 phase (other voltages available).
5. **Total Power:** 9.87 kW.
6. **Dimension:** 3700 x 1200 x 1050 mm.
7. **Weight:** 950 KG.
